End surface knife grinder

The end surface knife grinder is a foundation, Develops the successful third generation end surface knife grinder. The machinery installs the knife to change the magnet chuck to install the knife function. Raised the working efficiency Can quickly the more effective sharpening each kind of plane cutting tool.

This model knife grinder is printing, Papermaking, Toilet paper shaving knife Paper box sheet metal Truncation bed Carpentry Models the leather and so on profession essential ideal sharpening equipment.

End surface knife grinder Major function characteristic:

【Traveling schedule transmission part】

01. The master drive is the gear rack drive
02. The tool rest uses the turbine wheel worm drive Rotation freely

【Fuselage part】

03. Hangs the wall type fuselage: The lathe bed uses the strong cast iron casting
05. Wide guide rail: The stability is good Uses high-frequency quenching processing The intensity is high The wear-resisting performance is good

【Work table】

06. Magnet chuck : The suction is even, Mill knife straight line, Raises the working

N o	Specification / Model	Biggest grinding length	Outlook size (long * wide * high)	Machine net weight
		Site:mm	Site:mm	Site:Kg
1	1600B	1650	2745*900*1330	1500

efficiency

【Function disposition】

07. Has the dust cover installment

08. Time delay demagnetization installment : When mill knife is safer reliably

【Match installment】

09. Shaving knife jig : Toilet paper equipment special-purpose (May choose and match,
The expense counts in addition)

End surface knife grinder DMSQ-B Major technique parameter:

Grinding wheel size: $\phi 200 \times 100 \times 100$ mm

Maximum mill knife width: Take 22° as standard 180 mm

Grinding wheel and work table effective height: 80mm

Table rotation: $0 \sim \pm 90^\circ$

Wheelhead rotational speed: 1420 revolution /minutes

Slide traveling speed: 5 meters/minutes

Walks the electrically operated power: 0.55KW

Wheelhead electrically operated power: 1.5KW

Electric power pumps: 0.125KW

The largest grinding length: 1650 mm

Outlook size: 2645*900*1330 mm

Weight: 1500 kg

End surface knife grinder Different specification parameter
